We need to reduce the number of Subcouncils from 21 (twenty one) to 20 (twenty) Subcouncils so as to contribute to budget austerity by reducing the cost of one Subcouncil Budget, and we want to hear from you.

We want your input on:

- the clustering of adjoining Wards, and
- the proposed new Subcouncil boundaries.

Council will review and consider your comments, objections and recommendations before making a final decision on the new Subcouncil boundaries.

Submit your comments and objections from **09/07/2024 - 30/07/2024**.

You may submit your written submissions, comments or contact us for more information and general enquiries to:
